

Name an ANIMAL that lives with each plant or algae.

Maple Tree

Kelp

Grass

Bull Rushes

What do plants and algae use to make their own food?

How can plants and algae help animals survive?

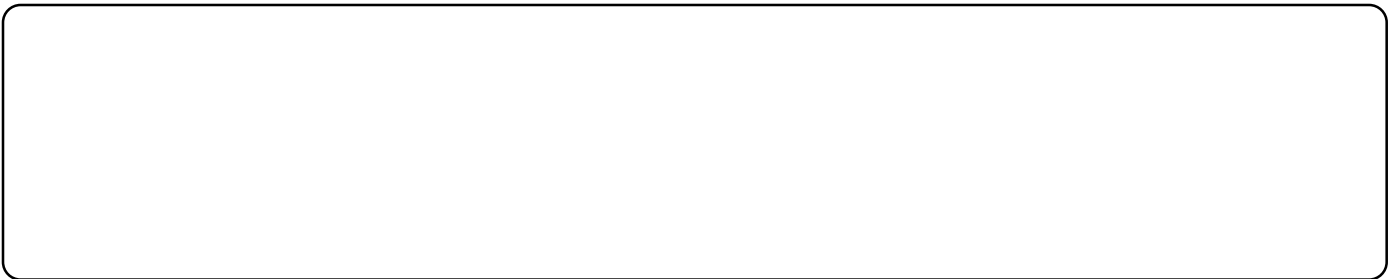

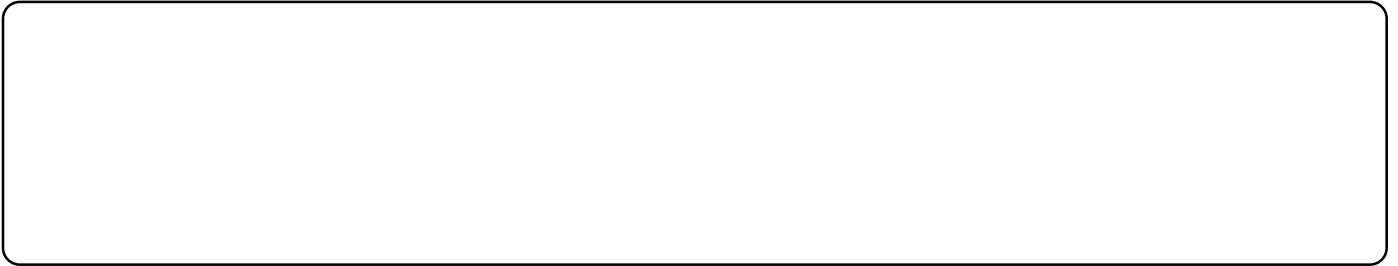

What do humans use algae for?

Look at the PACIFIC KELP FOREST tank. Do you think the kelp is flexible or stiff? Why would it have that structure (HINT: think about ocean waves)?

What things might stop plants and algae from getting sunlight?

STUDENT NAME: _____

Name or draw three things you can do to help our plants and algae.

Draw a picture of your favourite animal you saw at the Aquarium today.
